

TEST OF ENGLISH LEGAL SKILLS

TOLES means 'Test of Legal English Skills'. The TOLES programme consists of a structured course of legal English training materials supported by three levels of professional exams.

LEVEL 1 FOUNDATION

Level 1 legal English exam. Suitable for beginner level. Focus on basic grammar and vocabulary. Encourages commercial awareness.

Start here

The Foundation Exam is the recommended starting point in legal English training for international law students. For more experienced lawyers, this may be the correct starting point for those who wish to begin training in professional legal English while continuing to develop English skills in general.

Level 2 legal English exam. Suitable for intermediate level. Focus on intermediate grammar and vocabulary.

Building on a strong foundation

The Higher Exam builds on the language skills and knowledge of practical legal vocabulary acquired at Foundation level. The Higher Exam moves learners to the next stage and requires the ability to deal with more complex authentic legal documents and scenarios while also continuing to focus on a strict attention to detail and grammatical accuracy.

LEVEL 2 HIGHER

LEVEL 3 ADVANCED

Level 3 legal English exam. Suitable for advanced level. Focus on near-native level grammar and vocabulary. The gold standard exam for commercial lawyers.

Reaching the standard employers demand

The Advanced Exam was created and then developed in consultation with leading commercial law firms and is considered to be the gold standard of legal English achievement. TOLES Advanced was initially created at the request of a major commercial law firm in London who required a method of testing the English of international interns and new associates in its international offices. This required researching the tasks international lawyers were required to carry out in English and making a careful analysis of how best to test proficiency in those areas. The result was the TOLES Advanced Exam.
